

Parkland Products

Technical Data

The 1, 2 & 3 Rail Fence are an ideal means of defining open space areas. Like all Join - T - Lock products these fences are constructed using the same high quality in line joining system and will enhance any open space environment.

Please keep in mind that if you should require a legal barrier as required by Standards Australia for the control of access, then please refer to our Commercial Fencing Solutions brochure. Give us a call if you want to know more.

All timber is H4 CCA / Ecowood treated Slash Pine. All internal fasteners are galvanized for durability and epoxy coated during installation.

Availability

All 1, 2 & 3 Rail Fences consist of 150 Diameter Posts and 125 Diameter Rails.

Posts are supplied in 1.2m, 1.8m, 2.4m & 3.0m lengths. Site Assessment required for footing design.

Rails are available in 2.4m and 3.0m lengths only.

Please do not hesitate to contact Koppers for further information.
